About Us

Founded in 2018 with aim of providing highly specialized solutions to the clients in terms of their requirements within the Oil & Gas sector. For ADOMS Global one thing has remained true since the day it was started, the pursuit of excellence and these values have driven our growth to a host of new markets all around the Middle East positioning us as the Global force in our industry.

The investment in a new workshop in Karsha Industrial Estate (Nizwa) in the year 2021, covering a production, service area, and offices materially represents the strategic and decisive change of pace, enabling us to be exclusive protagonists and partners in an international context that is increasingly complex and integrated. We have established sound relationships with a number of leading international companies thus enabling us to perform a wide range of services in line with customers' expectations.

We have always believed in the power of sustainability and have been open-mindedly working towards it. Responsible actions originated with our business partners and our comprehensive corporate responsibility work expanded from there.

Our health, safety, and environmental standards are in line with the international regulations and the highest E&P industry requirements and we are determined to continue our work towards a better society and a better environment.

What We do

ADOMS Global with an experienced and professional workforce, providing customers the best product and solutions in terms of their requirements within the Oil & Gas sector. We have a fully equipped plant in Nizwa Karsha industrial estate, which has the capability to produce products such as Wellhead, Liner Hanger, and Drilling Tools. Customized solutions are also available as we have well-trained professionals and support from our principals and an experienced third-party engineering team.

Over the years we have developed an extremely good relationship with various customers across Oman and Globe and have in place an **HSE and QA System**.

We understand the needs of the service industry and are geared up to provide the necessary resources to operate effectively and provide "SAFE and QUALITY SERVICES" to our customers. ADOMS Global is an ISO 9001:2015 certified and JSRS approved organization.

The ADOMS Global workshop is under the process of obtaining API Spec Q1 certification & API Monogram, we believe this will help us to serve our customers in Oil & Gas in a more efficient way.

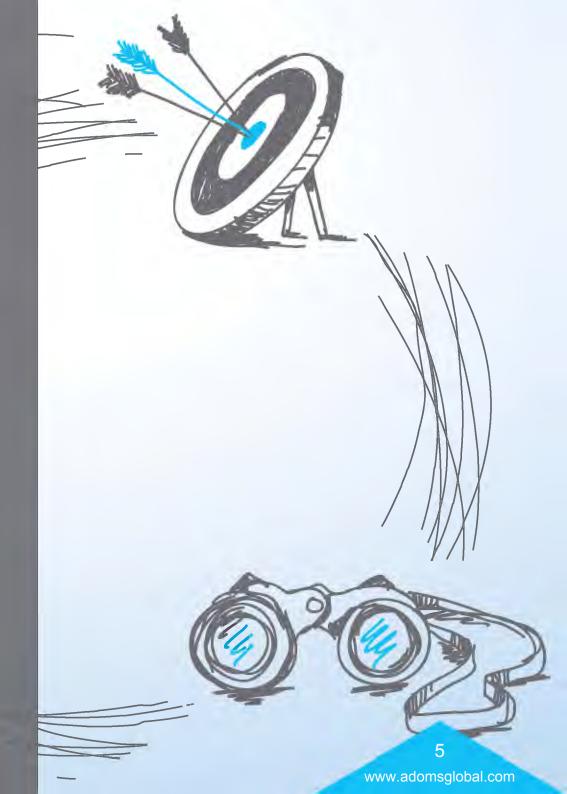

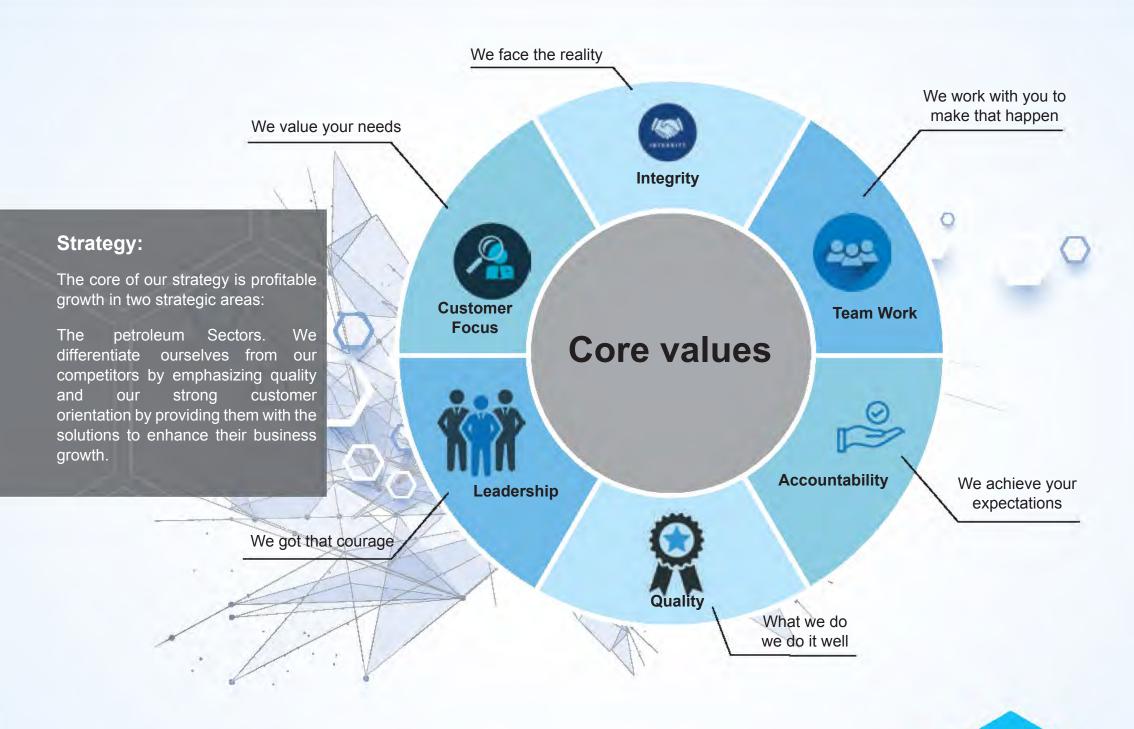

Our Mission

- Perceiving customer needs at utmost level by providing them flexibility in sourcing, competitive prices, on-time deliveries and customized solutions for unique needs
- Ensuring attentive, effective and proactive customer service and personalized attention to customers
- Continually building our skills and knowledge to meet the growing and diverse needs of customers
- Sustaining our reputation as a reliable, customer-oriented, dynamic player in the market
- Achieving profitable growth, operational and organizational excellence without compromising our values and business ethics

Our Vision

- Being a globally recognized company established world-wide with an excellence in organizational structure
- Re-defining the standards of 'customer service' by exceeding customer expectations
- Being admired for our business values and ethics
- Keeping our name synonymous with reliability, customer satisfaction and innovation
- Being the "preferred choice" for customers, suppliers and employees
- Bringing inspiration and being a model for companies who are willing to reach their dreams

Quality Policy

"Leadership must ensure integration of the QMS into the organization's business processes Monitor our quality performance regularly and set objectives and targets for further improvement"

"Share environmentally friendly reusable or recycled solutions with clients & monitor our environmental and sustainable performance regularly and set objectives and targets for further improvement"

"Adoms Global is committed to providing products and services that consistently meet or exceed the needs of our customers in a timely and professional manner and by maintaining a high level of customer satisfaction through greater personal service, constant review and reliable services"

ISO 9001:2015

Certificate No. QMS-K19015

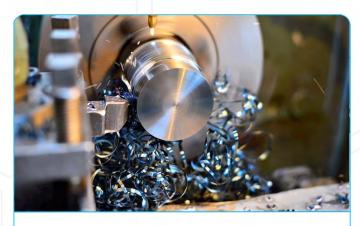

Market We Serve

Oil and Gas

Industrial Manufacturing

Marine And Offshore

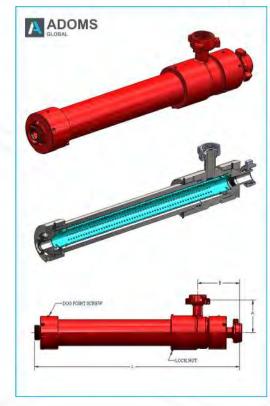

Power And Energy

Other Markets

Wellhead

Liner Hanger

Debris Catcher

Flange

9

Service Equipment

- Break Out Unit.
- Jar Tester.
- Service & Calibration

Drilling Tools

- Jars
- Intensifiers
- Shock Tools
- Roller

Drill Pipes / Heavy Weight Drill Pipes

Mud Motors

- Mud Lubricated
- Oil Sealed Bearing)

Lift Subs, Mills, Couplings, Float Subs, Bit Subs, Pup Joints, Circulating Subs, Etc.

- Drill String Components.
- Drill Collars, Cross Overs, Etc

Non-Magnetic BHA Components (NMDC's, Stabilizers, Short Collars, Flex Collars, UBHO Subs Etc.) **Lifting Bails**

Plastic Thread Protectors Casing & Tubing

Pressed Steel
Thread
Protectors

Packaging Frames

Diesel Generator & Spares

Heat Exchanger

Slurry / Solid Pump Vacuum Pump

Cable Sealing Accessories

Valves

Explosion Proof
LED Light &
Fixture

Tubes & Pipes

Solar Energy System Plates & Sheets

Forge Fittings Logistics

Industrial

Industrial and manufacturing workshop:

- Machining .
- Maintenance and services .
- Manufacturing (Liner Hanger, Wellhead & etc...).

Certification Services

الجـودة لخدمـات الهمـص والشعـادات Quality Inspection & Certification Services

QICS provide training & implantation for:

- ISO9001:2015 Quality Management System Requirements (QMS).
- ISO14001:2015 Environment Management System Requirements (EMS).
- ISO 45001:2018 Occupational Health and Safety Management System Requirements (OHSMS).
- ISO 22000:2018 Food Safety Management System Requirements (FSMS).
- ISO 50001:2018 Energy Management System Requirements (EnMS).
- ISO 27001:2013 Information Security Management Systems Requirements (ISMS).
- ISO 22301:2019 Business Continuity Management Systems Requirements (BCMS).
- ISO 31000:2018 Risk Management System (RMS) Requirements.
- Hazards and Critical Control Point Requirements (HACCP).

Contraction Engineering

- Construction of Swimming Pools, (Steam Sauna & Jacuzzi's...).
- Servicing & Maintenance all type of pool Equipments.
- Repairing of Pools & Water Bodies.
- **Su**pply of Swimming Pool Equipments.
- Construction of Fountains & Waterfalls.
- Supply of Swimming Pool & Spa Chemicals.
